

Director’s Corner

Budget Concerns

This is being written just before Christmas and the legislature is still trying to come up with a plan to reduce state spending, and the current budget deficit, that will be acceptable to the majority of the legislators and the Governor. We are fast approaching the halfway point of the FY10 budget cycle and there is no real budget for the state for this fiscal year. There are statements being made in the press that even more cuts will be needed and the bill being sent to the Governor this week has some very deep cuts in some agency budgets.

There is much to consider in the next few years when it comes to government funding. What can the citizens expect from government agencies in the immediate future? Probably longer waits for service and fewer programs! What can the government agencies expect from citizens in the immediate future? Probably frustration and many questions!

One of the immediate problems for the Board is resolving the problems associated with the aging AS400 computer system. We have recently been informed that because we are the only state agency on the AS400 that we can expect an additional cost of approximately \$4,000 per month for the service from the Department of Administration plus development costs of a substitute program.

We had anticipated the need to find another computer platform and accumulated funds for a move off of the AS400, however, before the change was made our BTR fund was swept along with other funds to try and resolve state budget issues. We are still talking with the state Government Information Technology Agency about the viability of utilizing a vendor used by other agencies with similar computer needs. Of course, it is not hard to envision that there may be a problem in being approved for the needed expenditures given the current budget problems.

Responsible Registrants

Recently, the Board investigated a firm, and its responsible registrant, relating to a failure to pay consulting professionals allegation. During the investigation, it was determined that the responsible registrant had nothing to do with the financial aspects of the project. At the Board meeting where the Board ruled on the case, the

Director’s Corner continued to page 2

Letter from the Chair

Karen Cesare, RLA

Has it really been a decade since we brought in a new millennium? What are we going to call this past decade—the “otts” or the “O’s”? I haven’t heard a catchy name yet, but maybe by the time you are reading this, something will have surfaced and stuck. Whatever it ends up being called, it will be remembered, especially for those of us in the design and construction industry, for the rollercoaster ride we’ve taken.

Karen Cesare, RLA

First, I want to send my warm wishes for a busy, prosperous year. For many of us, this year marks the second or third year of business challenges and changes. No matter whom you work for or who works for you, the economy has most likely been front and center in your thoughts. The Board has made many adjustments to respond to reductions in revenue and can report a sound financial situation.

One way all registrants can help maintain the economic viability of the Board is to make sure all firm, branch and individual registrations are current and accurate. It is in the best interest of all of us to review our own status and that of our firms. By keeping this information current, we are helping the Board operate better in a few key ways. First, fees paid for firm and branch registrations contribute to our operating funds. In times where registrations may be declining and budgets are being cut, this source of revenue helps tremendously. Second, because it is a priority for the Board to keep firms in compliance with their registration, inaccurate data or lapsed registrations require the Board staff to track down the people responsible and inform them of the problem. This takes time away from other, more important Board functions such as addressing enforcement issues and processing new registrations.

Keep in mind that firm and branch registrations are new applications every year—not renewals like individual registrations. By requiring a new application every year we provide the chance to update addresses, responsible registrants and other information. This is especially important in a tough economic climate that may result in firms moving or changing key personal.

This leads to another key issue—that of the roles and duties of a responsible registrant. This issue has played into several board cases this past year

and no doubt will continue to be one we will deal with again. The responsible registrant for a firm may be found responsible for business decisions of the firm, specifically non-payment of other registrants, if that person is found to have a direct role in the financial decisions of the firm. In these cases disciplinary action is possible.

On the other hand, if a person is named the responsible registrant in the firm registration, and NOT directly responsible for financial and business decisions, that person may still be named in a complaint alleging non-payment. Depending on the facts of the case, the Board has made vastly different rulings, ranging from disciplinary action to dismissal. Those responsible registrants who have had complaints against them and have not been found to be financially responsible have still had to go through an obviously stressful process to make sure they are not subject to disciplinary action. Registrants who may be in this position owe it to themselves to find out what is going on with their firm if they have any concerns.

When not dealing with the sticky issues of non-payment and responsible registrants, the Board, at our December meeting, took steps to clarify and simplify the process by which Architectural candidates become qualified to take the ARE.

Effective immediately, any candidate with 60 months of education and/or experience can sit for the entire ARE. This clarification of our policies and procedures removes an artificial distinction between those candidates who obtained the 60 months through education versus experience. This was accomplished by designating all nine sections of the ARE as the “Architect-in-Training” exam. The AIT is strictly an Arizona designation, and confers no privileges or rights. As the exams for the Architects evolved and the sections became more integrated in their content, the AIT designation lost some of its original purpose, which was to recognize progress toward the goal of registration.

This clarification puts all potential candidates on the same time schedule to start taking the ARE, and will also help to reduce redundant application processes for many potential Architectural registration candidates. Thanks to Dr. Susan Schaefer Kliman and Howell “Chip” Shay III for helping focus our discussion on this issue.

I am looking forward to serving as the Board Chair and continuing to work with my fellow Board members and our dedicated staff as we start the second decade of the this millennium, one that has the distinction of bringing us the “teens.” For anyone with teenagers, or who was a teenager, you know it will keep us on our toes.

2010 Tentative Board Meeting Schedule

All Board meetings are held at 9:30 a.m. on various Tuesdays of each month at the Board's office unless otherwise noted. Quarterly Board meeting locations may vary per quarter.

All locations, dates, and times for meetings scheduled in 2010 are tentative, unless notice is posted here (call the Board's office to confirm information).

Meeting days are generally the fourth Tuesday of each month, but are subject to change. Please check website often for changes.

Tuesday, January 26, 2010
Tuesday, February 23, 2010
Tuesday, March 23, 2010
Tuesday, April 27, 2010
Board Meeting—Suite 250 Board Room

See the website for all 2010 meeting dates.

Arizona State Board of Technical Registration for Architects, Assayers, Certified Remediation Specialists, Engineers, Geologists, Home Inspectors, Landscape Architects, Surveyors and Clandestine Drug Laboratory Site Remediation Firms & Personnel

BTR Mission

The purpose of this Agency is to protect the public by setting appropriate registration qualifications and enforcing state statutes relating to the practice of all Board-regulated professions and occupations. Any person who does any of the following is acting in violation of the law (A.R.S. § 32-145) and is guilty of a class 2 misdemeanor:

1. Practices, offers to practice or by any implication holds himself out as qualified to practice any Board regulated profession or occupation if the person is not registered or certified as provided by this chapter.
2. Advertises or displays any card, sign or other device that may indicate to the public that the person is certified or registered or is qualified to practice any Board regulated profession or occupation if the person is not certified or registered as provided by this chapter.
3. Uses “certified,” “professional certified,” “professional,” “registered,” “registered professional” or “professional registered” in conjunction with any Board regulated profession or occupation if the person is not certified or registered as provided by this chapter.
4. Uses a certification or certificate of registration of another, or uses an expired or revoked certification or certificate of registration.
5. Presents false evidence to the Board with the intent to obtain a certification or a certificate of registration.
6. Otherwise violates any provision of this chapter.

The Board and Executive Director, aided by staff investigators, investigate allegations of violations of A.R.S. § 32-145 and other crimes committed pursuant to illegal practice of the regulated professions, and present criminal complaints to Town, City, and County Attorneys and the Attorney General for prosecution (A.R.S. § 32-107).

Director's Corner continued from page 1

Board ruled that there was no personal responsibility of the responsible registrant when that person was out of the loop regarding payment issues.

Changes to Vital Registrant Information

Board statutes and rules make it mandatory that a registrant notify the Board within 30 days of a change in any of the contact information in a registrant's registration file (home address, home telephone number, business address and business telephone number). This has resulted in a significant number of problems for registrants and staff. Delinquent registrants are listed in the quarterly newsletter for three years in an effort to make it known to them that they are delinquent and facing a possible lapsing of their registration. When we send out renewal notices and receive them back as undeliverable, we attempt contact at the secondary contacts. Many times we discover the registrant moved on to a different employer and the Board was not notified. If the employer's address was where renewal notices were sent and the notice was returned to the Board, we try to contact the registrant at the listed home phone and address. Unfortunately, by this time there is a possibility that the registrant is delinquent and is practicing with an expired registration. This can result in delinquency penalties being assessed and possibly result in disciplinary action by the Board.

What we have found in a number of cases is that the home address we have on file is also incorrect and we are unable to directly contact the registrant. If this isn't corrected within the next three years, the

registrant will be lapsed by the Board and, in order to practice in Arizona again, will have to pay all past renewal fees and penalties if there was any practice in Arizona during the unregistered period and may also be assessed penalties for the unlicensed practice. The registrant would have to then re-apply for registration and may be required to go through the examination process again.

As staff tries to follow up on registrants who do not renew to determine whether they, in fact, do want to cease practice in Arizona they find that a significant number are delinquent, but are not aware of the fact. This situation causes problems for the registrant and the Board. The problem for the registrant we have partially discussed in the previous paragraph. The problem for the Board is the time away from their normal work to locate the delinquent registrant and initiate contact.

The Board tried to address the delinquency situation when the Board adopted a rule requiring registrants to place their date of seal expiration next to their seal on professional documents. But, because of multi-state registrations, and possible infrequent Arizona projects, some unintentional delinquencies still occur.

Staff has recommended, and the Board has accepted the recommendation, that delinquent registrants discovered by staff as a result of a delinquency initiated investigation to have practiced in Arizona during the delinquency period be handled as a disciplinary action and appropriate administrative penalties and costs of investigation be assessed in addition to the normal late renewal fees.

Examination Information

2010 Examination Schedule

Board Web Site: www.azbtr.gov

4.0 ARCHITECT EXAMINATIONS

The Architect Registration Examination (“ARE”) is a computerized examination offered year-round and consist of the following:

ARE 4.0 Test Fees	
Programming Planning & Practice	\$210
Site Planning & Design	\$210
Building Design & Construction Systems	\$210
Schematic Design	\$210
Structural Systems	\$210
Building Systems	\$210
Construction Documents & Services	\$210
Test Rescheduling:	
Test Rescheduling Fee	\$35

Candidates are no longer permitted to bring a personal calculator into the testing center.

For more information, visit the National Council of Architectural Registration Boards (NCARB) Web site at: <http://www.ncarb.org> or contact NCARB at:
NCARB
1801 K Street, NW
Suite 1100-K
Washington, DC 20006
(202) 783-6500

If you have any further questions or concerns, please contact [LaVern Douglas](#).

Assayer

Testing:
Testing is done year round at the Board of Technical Registration.

State Of Arizona Board Of Technical Registration
1110 West Washington Street, Suite 240
Phoenix, Arizona 85007
(602) 364-4930

Engineers, Geologists, Land Surveyors— PLEASE NOTE:

Your application should be submitted 315 days prior to the examination dates to ensure compliance with our time frame rules and to allow adequate time to receive education transcripts and/or references. You must submit the application fee when you send in your application. There is a separate fee for the examination and you will be notified by mail when these fees are due. An application will not be considered complete until all verifying data is received.

If you submit an application after the 315-day mark, every effort will be made to process your application and certify you for the next examination. However, if your application is incomplete, a shorter processing time means we may not be able to certify you for the next examination date.

Students enrolled in a professional degree program who wish to take the in-training exam during their final year may file an application before starting the final year of study. School endorsement may be submitted at any time prior to the examination sign-up deadline established by the appropriate national council.

It is extremely important that you notify us in writing of any address changes prior to the examination.

Arizona Approval and Registration Information

- FE First-Time Examinees**
To register for the Fundamentals of Engineering (FE) examination, you may apply

directly to NCEES to determine your educational eligibility to sit for the FE examination based on Arizona’s requirements. Examinees must complete the Application for Arizona Pre-Approval of Education for the Fundamentals of Engineering (FE) Examination (PDF).

This application is accepted at all times during the year. However, in order to be considered for the **April** examination, you must submit your application to NCEES **no later than February 1; for the October examination, you must submit your application to NCEES no later than August 1**. Upon approving your education, NCEES will send you instructions on registering for the examination.

Applicants for the FE examination must be a college senior or a graduate of an engineering program of 4 years or more accredited by EAC/ABET. To determine if your degree is accredited, visit the ABET Web site (<http://www.abet.org/accrediteac.asp>) for a complete listing of schools.

Applicants who do not have a degree accredited by EAC/ABET should contact the Arizona Board of Technical Registration for approval. BS degrees from foreign universities are not ABET accredited in engineering and must be evaluated to determine equivalency.

Examinees who pass the FE examination will be required to submit an official transcript or certified evaluation of education. After verifying that your credentials meet the educational requirements, NCEES will forward your file to the Arizona Board.

- PE First-Time Examinees**
To register for the PE examination, you may apply directly to NCEES to determine your educational eligibility to sit for the PE examination based on Arizona’s requirements. Examinees must complete the Application for Arizona Pre-Approval of Education for the Principles and Practice of Engineering (PE) Examination (PDF).

This application is accepted at all times during the year. However, in order to be considered for the **April** examination, you must submit your application to NCEES **no later than February 1; for the October examination, you must submit your application to NCEES no later than August 1**. Upon approving your education, NCEES will send you instructions on registering for the examination.

Once you have passed the PE examination, your educational file will be forwarded to the Arizona Board. Passing score results that are sent to you will include instructions on completing a separate application for licensure in which work experience is detailed and verified. This application must be mailed directly to the Arizona Board.

NOTE: Once you have received approval notification from the Arizona Board or NCEES, you must register with NCEES.

GEOLOGIST EXAMINATIONS

Examination Dates 2010:	
March 5, 2010	
October 1, 2010	
For more information, visit the National Association of State Boards Of Geology (ASBOG) Web site at: http://www.asbog.org or contact ASBOG at: ASBOG The Granby Building, Suite “O” 1801 Charleston Highway Cayce, SC 29033 (803) 739-5676	

ENGINEER AND LAND SURVEYOR EXAMINATIONS

Examination Dates for 2010:	
April 16, 2010 to April 17, 2010	
October 29, 2010 to October 30, 2010	

For more information, visit the National Council Of Examiners For Engineering And Surveying (NCEES) Web site at: <http://www.ncees.org> or contact NCEES at:
NCEES
P.O. Box 1686
Clemson, SC 29633-1686
(800) 250-3196 or (864) 654-6824

LANDSCAPE ARCHITECT EXAMINATIONS

To apply for the Landscape Architect Registration Examination (“L.A.R.E.”), candidates should contact the Council of Landscape Architectural Registration Boards (“CLARB”) directly and complete a CLARB Council Record. The CLARB application process includes completing the CLARB application form and providing verification of required information such as education and work experience. Once confirmation of your required information is received, CLARB will admit you to the L.A.R.E. and will forward all pre-examination information to you directly.

To apply for the L.A.R.E. through the CLARB Council Record, click here <https://www.clarb.org/>

Examination Scheduled for 2009 to 2010:	
March 8-21, 2010	Section A, B and D
June 7 & 8, 2010	Section C & E
September 13-26, 2010	Section A, B and D
December 13 & 14, 2010	Section C & E

In addition to serving as the application for the L.A.R.E., the Council Record also provides the documentation that you will need when you apply for licensure in Arizona and in other jurisdictions. This eliminates the need for you to gather this information redundantly. Council Record holders are also entitled to discounts on important examination publications such as the examination handbook, The Road to Licensure and Beyond, including “Understanding the L.A.R.E. and Diagnostic Vignettes.”

Once you have completed the L.A.R.E., you may apply for licensure in Arizona. Instruct CLARB to transmit your Council Record to the Arizona State Board of Technical Registration, and follow the instructions for professional licensure application found on this web site. Please Note: Although you may have successfully completed and passed the L.A.R.E., you must still fulfill the education and/or experience requirements of [A.R.S § 32-122.01](#) Qualifications for professional registration.

To download and print out a complete Administration Report and Fee Schedule, go to www.clarb.org/mba/lare_admin_changes.pdf. You must have Adobe Acrobat Reader 4.0 or higher to access the information (see note on our home page).

For more information, visit the Council of Landscape Architectural Registration Boards (CLARB) Web site at: <http://www.clarb.org> or contact CLARB at:
CLARB
144 Church Street NW
Suite 201
Vienna, VA 22180
(703) 319-8380

Disciplinary actions taken by the Board

Disciplinary action was taken against the individuals/firms listed below. **The information provided is a brief summary.** Although every effort is made to ensure that the information is correct, before making any decision based upon the information below, you should check with the Board office to assure accuracy. The listing may not reflect a change occurring near or following the publication date. Further, the listing does not reflect pending appeals for re-hearings.

Case No.	Respondent	Summary of Findings	Summary of Board Action
M08-047	Civil Design Group, PLC	OCTOBER 27, 2009 On or about January 2007, after receiving payment from its client, Respondent Firm failed to pay a collaborating registered professional for their engineering services within the time required. (On or about April 2009, Respondent firm paid Monrad Engineering \$7,640.00 for their engineering services.)	Letter of Reprimand Cost of Investigation —Pay cost of investigation in the amount of \$285.00.
M09-058	GCH Limited	On or about May 2008, after receiving payment from its client, Respondent Firm failed to pay a collaborating registered professional for their electrical engineering services within the time required.	Letter of Reprimand Probation —Respondent firm shall be placed on probation until it pays Systems Design Engineering \$8,400.00.Respondent firm shall make monthly installments until balance is paid. Cost of Investigation —Pay cost of investigation in the amount of \$115.00.
HI09-018	Mitchell B. Holt Home Inspector #40509	On or about February 15, 2008, Respondent performed a home inspection and prepared a report that failed to meet the Standards of Professional Practice for Arizona Home Inspectors by failing to adequately address the following areas: <i>Failed to properly report a missing emergency overflow drain pan for the HVAC air handler; state that the inspection was conducted in accordance with the Standards of Professional Practice for home inspectors in the State of Arizona; include the firm's address in the inspection agreement; condition of the concrete slab; plumbing pipe supports and functional drainage; type of plumbing waste and vent piping material present; condition of main electrical panel, distribution panels, branch circuit conductors, and service conductors; type and condition of AC distribution system; condition of the insulation; accurately report heating system flues and vents; and condition of the wall structure.</i>	Letter of Reprimand Administrative Penalty —Pay an administrative penalty in the amount of \$800.00. Probation until the following is met: Restitution —Pay restitution to Mr. & Mrs. Mills in the amount of \$315.00. Open Book Test ,—Take and successfully complete an open book test on the Board's Statutes and Rules within 30 days passing with a 100% score. Costs of Investigation —Pay costs of investigation in the amount of \$146.00.

Expired Registration List: 1-2 Years

FEES

Posted on the BTR website: www.azbtr.gov

Payment of fees shall be in United States dollars in the form of cash, check or money order; however, if a check is returned for insufficient funds, repayment, including payment of the returned check charge, shall be made in cash, money order or certified check.

Fee Waiver

A registrant who retires from the active practice of architecture, assaying, engineering, geology, landscape architecture or land surveying or who is not currently practicing architecture, assaying, engineering, geology, landscape architecture or land surveying in this state may request that the Board

place the registrant's certificate of registration on *inactive* status. The registrant shall submit the request on a form prescribed by the Board.

Refunds

No application fee refunds will be allowed after the application has been assigned an application number and processing commences.

Notice

July 22, 2008 Action of the Board regarding fees. The Board changed the fees charged by the Board the following amounts:
In-training application fee from \$30 to \$40;

Professional application fee from \$90 to \$100;
All original registration and subsequent renewal fees for all registrants, except home inspectors and drug laboratory supervisors and on-site workers, were set at \$195 for a three year registration;
All original registration and subsequent renewal fees for home inspectors were set at \$65 for one year registration, and
All original registration and subsequent renewal fees for drug laboratory supervisors and on-site workers will remain at the current rates.
All fee scheduled changes became effective on October 1, 2008.

SCHEDULE OF FEES

PROFESSIONAL APPLICATION		ENGINEER (PROFESSIONAL) EXAMINATION		LANDSCAPE ARCHITECT (PROFESSIONAL) EXAMINATION	
Architect	\$100	Architectural Engineering Principles and Practices	\$240	Section A: Project & Construction Administration (national exam)	\$192
Assayer	\$100	Agricultural Engineering Principles and Practices	\$240	Section D: Design & Construction Documentation	\$317
Certified Remediation Specialist	\$100	Civil Engineering Principles and Practices	\$240	Section E: Grading, Drainage and Storm Water Management	\$407
Drug Lab Remediation On-Site Supervisor	\$100	Chemical Engineering Principles and Practices	\$240	Administration Fee	\$125
Drug Lab Remediation On-Site Worker	\$100	Control Systems Engineering Principles and Practices	\$240	LAND SURVEYOR (IN-TRAINING) EXAMINATION	
Engineer	\$100	Electrical Engineering Principles and Practices	\$240	Fundamentals of Land Surveying (national exam)	\$175
Geologist	\$100	Environmental Engineering Principles and Practices	\$240	LAND SURVEYOR (PROFESSIONAL) EXAMINATION	
Home Inspector	\$100	Fire Protection Engineering Principles and Practices	\$240	Principles & Practice of Surveying (NCEES portion)	\$240
Landscape Architect	\$100	Industrial Engineering Principles and Practices	\$240	Arizona State Exam for Land Surveyors (local exam)	\$170
Fingerprint Processing Fee (Home Inspectors and Certified Remediation Specialists ONLY)	\$34	Mechanical Engineering Principles and Practices	\$240	REMEDIATION SPECIALIST EXAMINATION	
IN-TRAINING APPLICATION		Metallurgical Engineering Principles and Practices	\$240	Remediation Specialist (local exam)	\$200
Architect-In-Training	\$40	Mining Engineering Principles and Practices	\$240	EXAM-RELATED FEES	
Assayer-In-Training	\$40	Nuclear Engineering Principles and Practices	\$240	Architect examination review	\$300
Engineer-In-Training	\$40	Petroleum Engineering Principles and Practices	\$240	Engineer examination review	\$250
Geologist In-Training	\$40	Principles & Practices of Engineering	\$240	Geologist examination review	\$50
Landscape Architect-In-Training	\$40	Sanitary Engineering Principles and Practices	\$240	All other examination reviews	\$25
Land Surveyor-In-Training	\$40	PROFESSIONAL GEOLOGICAL ENGINEER EXAMINATION		NCEES—Hand Score	\$75
FIRM REGISTRATION		Professional Geological Engineer (local exam)	\$200	Local review of examination results by applicant	\$25
Annual Drug Laboratory Site Remediation Firm	\$20	PROFESSIONAL STRUCTURAL ENGINEER EXAMINATION		Re-grading of examination (if authorized by the Board) National Council of Examiners for Engineering and Surveying fee <i>per item challenged</i>	\$250
Annual Professional Firm	\$20	Structural Part I (national exam)	\$240	Re-grading of examination (if authorized by the Board) Council of Landscape Architectural Registration Boards fee <i>per test challenged</i>	\$100
**Firm registrations expire on the last day of the month of expiration unless renewed prior to that date.		Structural Part II (national exam)	\$730	INITIAL REGISTRATION, CERTIFICATION, AND RENEWAL FEES	
ARCHITECT (IN-TRAINING) EXAMINATION		GEOLOGIST (IN-TRAINING) EXAMINATION		Architect, Assayer, Engineer, Geologist, Landscape Architect, Land Surveyor—Triennial	\$195
Structural Systems	\$210	Fundamentals of Geology (4 hr. national exam)	\$150	Certified Remediation Specialist—Annual	\$65
Building Design & Construction Sytems	\$210	GEOLOGIST (PROFESSIONAL) EXAMINATION		Drug Lab Remediation On-Site Supervisor—Annual	\$42
Building Systems	\$210	Professional geologist (4 hr. national exam)	\$200	Drug Lab Remediation On-Site Worker—Annual	\$42
ARCHITECT (PROFESSIONAL) EXAMINATION		LANDSCAPE ARCHITECT (IN-TRAINING) EXAMINATION		Home Inspector—Annual	\$65
Programming Planning & Practice	\$210	Section B: Inventory Analysis & Program Development (national exam)		Delinquency Penalty	
Site Planning & Design	\$210	Section C: Site Design (national exam)	\$407	Certificates of registration or certification are invalid after their expiration date unless renewed by payment of the required renewal fee. If an individual's renewal fee is not paid prior to the expiration date, it shall be accompanied by a penalty fee equal to one-sixth of the renewal fee for each year or fraction of a year of delinquency.	
Building Design & Construction	\$210	Administration Fee	\$125	MISCELLANEOUS FEES	
Schematic Design	\$210	Section C: Site Design (national exam)		Statute book	\$5.00
Structural Systems	\$210	Section C: Site Design (national exam)		Computer printout fee per name (non-commercial use)—maximum of \$150 per run	\$0.10
Building Systems	\$210	Section C: Site Design (national exam)		Copy fee per page (non-commercial use)	\$0.20
Construction Documents & Services	\$210	Section C: Site Design (national exam)		Recording medium copy fee per recording (audio tape)	\$10.00
ASSAYER (IN-TRAINING) EXAMINATION		Section C: Site Design (national exam)		Replacement certificates	\$10.00
Fundamentals (local exam)	\$200	Section C: Site Design (national exam)		Returned check fee	\$25.00
ASSAYER (PROFESSIONAL) EXAMINATION		Section C: Site Design (national exam)		Roster of Registrants	\$15.00
Principles and Practices (local exam)	\$200	Section C: Site Design (national exam)		Rules book (Arizona Administrative Code)	\$5.00
ENGINEER (IN-TRAINING) EXAMINATION		Section C: Site Design (national exam)			
Fundamentals of Engineering	\$130	Section C: Site Design (national exam)			

January, February, March 2010

Firm and Branch Registration

“Firm” means any individual or partnership, corporation or other type of association, including the association of a nonregistrant and a registrant who offers to the public professional services regulated by the Board. A.R.S. § 32-141 governs registration of firms offering professional services in any Board regulated profession or occupation in Arizona. The statute requires that firms apply for registration annually, and that branch offices of firms also apply for registration. Firms must identify a registrant, who is also a principal of the firm, in each category of services offered. Branch offices must have a designated registrant, who does not have to be a principal, in charge of the professional services offered at that branch office.

Any firm currently offering services without a current annual firm and/or branch registration on file with the Board is in violation of Board statutes and rules and is subject to disciplinary action, which may result in cancellation of the firm’s or branch’s authority to offer professional services in Arizona.

All firm and branch office registrations expire one year from the date of issue and a new application must be received annually, within thirty (30) days of the anniversary date of the original firm or branch registration. An application fee of \$20.00 must also be included with each application. Please note that the Board will mail out renewal reminders, however it is the firm’s responsibility to ensure that a current registration is on file.

In addition, all firms shall notify the Board, using the Application/Statement for Annual Firm Registration, within thirty (30) days of any change in principals, designated registrants, services offered, and/or firm or branch name or address. There is no fee required for changes to a current registration.

Registered firms are listed on our web site under “LISTINGS—Firm/Branch Listings” in the Table of Contents panel. If you do not see your firm listed there, be sure to contact the Board as soon as possible to arrange for registration.

Note to Drug Lab Site Cleanup Firms:

Do *not* use the Firm and Branch Registration forms found on the Board’s website to register a Drug Lab Site Cleanup firm. **Instructions** and **forms** for registration of Drug Lab Site Cleanup firms are located in the *Drug Lab Site Cleanup* section elsewhere in the Forms area of the site.

Substantive Policy Statements

The Administrative Procedure Act requires the publication of substantive policy statements issued by agencies (A.R.S. § 41-1013(B)(14)). Substantive policy statements are written expressions which inform the general public of an agency’s current approach to rule or regulation practice. Substantive policy statements are advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that a substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the Agency under A.R.S. § 41-1033 for a review of the statement.

1. Alteration of Plans During Plan Checks (Effective May 30, 1997)
2. Interpretation of term “Total Cost of Such Construction” (Effective March 9, 2001)
3. Fire Sprinklers and Fire Alarm Systems (Effective March 18, 2002)
4. Sealing Of Standard Details (Effective June 17, 2002)
5. Use Of Electronic Seals And Signatures (Effective June 17, 2002)
6. Home Inspector Financial Assurance Bond Language (Effective August 20, 2002)
7. Dating and Signing Seals and Revisions to Drawings (Effective December 9, 2002)
8. Home Inspector Preferred Vendor or Similar Programs (Effective January 13, 2004)
9. Monumenting Public Land Survey System Section or Quarter Section Corners (Effective November 9, 2004)
10. Requirements for Recording Results of Survey Drawings (Effective June 21, 2005)

1. ALTERATION OF PLANS DURING PLAN CHECKS

Questions have also been brought forward relating to the altering of sealed plans by building officials during the plan review check process. After reviewing its statutes and rules, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

Documents that are signed and sealed by registrants that represent the exercise of the registrant’s professional discretion and judgement are professional documents. Arizona Revised Statute § 32-125 requires registrants to seal plans, specifications, plats or reports prepared by the registrant or his or her bona fide employee. Substitution of a registrant’s professional judgement that results in a modification to the document constitutes the practice of the profession. If the modification is performed by a nonregistrant, the nonregistrant must be working under the direct supervision of a registrant. Additionally, the supervising registrant shall sign and seal the changes to the documents. No person may alter a registrant’s sealed professional document except under the following circumstances:

Another registrant may, when employed to check the documents, modify the documents. However, the registrant modifying such documents shall clearly delineate all modifications, seal those changes, and be held fully responsible for the changes made and the impact of those changes on the original design. A.R.S. § 32-125(B).

Any person checking documents for compliance with any applicable statutes, codes, ordinances, rules or regulations such as building codes, fire codes or zoning ordinances may “redline” and/or list required changes to meet the codes, as this is not the practice of the profession. However, a nonregistrant may not require modification of a professional document submitted for review, unless that modification is supported by reference to an applicable code or standard. In other words, a nonregistrant shall not modify, in any manner, a document embodying the discretion or judgement of a registrant, unless the nonregistrant can cite a specific code or standard to support that modification.

Filed with the Secretary of State on 5-30-97.

APPLICABLE LAWS

Arizona Revised Statutes §§ 32-101(A), -121, -128(B), -130, and -145.

Arizona Administrative Code R4-30-301(A)(3) and R4-30-304.

Profession, in this policy statement, means architecture, assaying, engineering, geology, landscape architecture, or land surveying.

2. INTERPRETATION OF TERM “TOTAL COST OF SUCH CONSTRUCTION”

Questions have been brought forward relating to the term “total cost of such construction,” as contained in A.R.S. § 32-144(A)(6), and what the Board of Technical Registration (Board) has interpreted this term to encompass. After reviewing its statutes, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

A.R.S. § 32-144(A)(6) states that a non-registrant may design a water or wastewater treatment plant, or extensions, additions, modifications or revisions, or extensions to water distribution or collection systems, if the total cost of such construction does not exceed twelve thousand five hundred dollars. The term at issue has, in the past, been consistently interpreted by the Board to include the design and construction of the system. The term does not include any fees, such as for permits or registration, nor costs for maintenance. This term also has not been interpreted to include costs for purchase of lands. The term simply includes costs for services normally performed by a designer and a contractor .

Filed with the Secretary of State on 4-26-01.

APPLICABLE LAW

Arizona Revised Statutes §§ 32-101(A), -144(A)(6), and -145.

3. FIRE SPRINKLERS AND FIRE ALARM SYSTEMS

Questions have been brought forward relating to roles of registrants and non-registered persons in preparing design documents for fire sprinkler, fire alarm, and other code regulated alarm systems. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

1. A qualified registrant, or any other person, may develop installation drawings for fire sprinkler, fire alarm, and other regulated code alarm systems and submit those drawings to the authority having jurisdiction for review and/or permit as allowed by the authority having jurisdiction. All layouts prepared in accordance with the criteria specified by a professional registrant are not considered to be professional documents. Installation drawings for sprinkler systems may include selecting pipe sizes by performing hydraulic calculations in accordance with applicable codes and standards. Preparation of fire alarm installation drawings, include circuiting and voltage drop and battery calculations, in accordance with applicable codes and standards may be done by non-registrants as allowed by the authority having jurisdiction.
2. For fire sprinkler systems, the following are considered to be professional registrant activities:
 1. Consider the range of hazards of the project;
 2. Prepare hazard analysis; identify the hazard classification of the intended occupancy, including any special hazards;
 3. Determine the applicable codes and standards and appropriate engineering practices;
 4. Ascertain the availability and adequacy of the water supply for the project;
 5. Determine the appropriate design density and area of operation for each hazard area.
3. For fire alarm and other code regulated alarm systems, the following are considered to be professional registrant activities:
 1. Determine the system type;
 2. Determine the applicable codes and standards and appropriate engineering practices;
 3. Determine device types and locations;
 4. Prepare generalized riser diagram;
 5. Coordinate and interface with other systems;
 6. Develop system specifications.

Examples of work that may be done by a non-registrant are:

Layout of automatic fire sprinkler systems and their related hydraulic calculations for installation or permit.

Filed with the Secretary of State on 3-28-02.

APPLICABLE LAWS

Arizona Revised Statutes § 32-101(B)(11). Arizona Administrative Code, Title 4, Chapter 30 R4-30-302 (B)(4).

4. SEALING OF STANDARD DETAILS

Questions have been brought forward relating to the legality of a registrant signing and sealing standard details and specifications formally adopted by a political jurisdiction, to show they have been reviewed and accepted by the registrant. After reviewing Board statutes and rules, the Board has determined that placing a signature and seal on the document, along with a written disclaimer, is an acceptable practice. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

A Registrant’s duty to seal professional documents does not extend to standard details or specifications that have been officially adopted by the state, municipal or county agency that has jurisdiction over the project.

It is the responsibility of the registrant to clarify or disclaim those portions of a professional document that were not prepared by the registrant or their bona-fide employee.

This substantive policy statement does not negate the registrant’s responsibility to protect the public health, safety or welfare as required in section R4-30-301 (12) of the rules of the Arizona State Board of Technical Registration.

Filed with the Secretary of State on 6-17-02.

APPLICABLE LAW

Arizona Revised Statutes §32-125 (B), (D), and (E).

5. USE OF ELECTRONIC SEALS AND SIGNATURES

Questions have been brought forward relating to the use of electronic seals and signatures on professional documents. After reviewing Board statutes and rules, including R4-30-304, as well as A.R.S. § 32-125 (E), A.R.S. § 41-132 and A.R.S. § 44-7001 through A.R.S. § 44-7043, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

Electronic seals and signatures that meet the criteria of Arizona Revised Statutes (A.R.S.) Title 41 and Title 44 are acceptable for all professional documents. Security, verification and control of the signature are the responsibility of the registrant.

This policy statement does not change or limit any existing rule or method of sealing professional documents.

Filed with the Secretary of State on 6-17-02.

APPLICABLE LAWS

Arizona Revised Statutes § 32-125 (B) and (E). Arizona Administrative Code, Title 4, Chapter 30, R4-30-304.

6. HOME INSPECTOR FINANCIAL ASSURANCE BOND LANGUAGE

Questions have been brought forward relating to language that will be acceptable to the Board, for use in issuing bonds as financial assurance for home inspectors as provided in A.R.S. § 32-122.02. The certification of home inspectors is currently being conducted under Emergency Rules approved by the Attorney General on August 14, 2002, and home inspectors are mandated to provide proof of financial assurance within 60 days of receipt of certification. Therefore, this substantive policy statement is offered as guidance until such time as the final rules relating to the certification of home inspectors are in place.

This substantive policy statement is advisory only. A substantive policy statement does not impose additional requirements or penalties on regulated

Substantive Policy Statements continued to page 15

parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the Agency under A.R.S. § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

The following language contained in a bond obtained by a home inspector as proof of financial assurance under the provisions of A.R.S. § 32-122.02 is acceptable to the Board:

KNOW ALL MEN BY THESE PRESENTS that we, _____as Principal, and _____, a Corporation, qualified and authorized to do business in the State of Arizona as a Surety, are held and firmly bound unto the State of Arizona, Board of Technical Registration for use and benefit of any injured person as defined below, in the sum of TWENTY-FIVE THOUSAND AND NO/100 (\$25,000.00) lawful money of the United States of America, to be paid to any injured person for which payment well and truly be made, we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

WHEREAS, the above named Principal has made application to the Board of Technical Registration, State of Arizona, for certification as a Home Inspector within the meaning of Title 32, Article 1, of the Arizona Revised Statutes and rules adopted pursuant thereto and is required by the provisions of such statutes and rules to furnish a bond in the sum named above.

NOW, THEREFORE, the condition of this obligation is such that if the Principal shall strictly, honestly and faithfully comply with the provisions of the statutes and rules adopted pursuant thereto and shall satisfy any final judgment in favor of an injured person arising out of any transaction governed by the provisions of such statutes and rules, then this obligation shall be void; otherwise to remain in full force and effect.

“Injured Person” as used herein means any person who contracts with a Certified Home Inspector to obtain a home inspection and who is damaged by the failure of the home inspector to perform the inspection or related services in accordance with the provisions of Title 32, Article 1, of the Arizona Revised Statutes and the rules adopted pursuant thereto.

This bond shall become effective on _____, and shall remain in force until the Surety is released from liability to the Board of Technical Registration, State of Arizona, or until this bond is cancelled by the Surety. The Surety may cancel this bond and be relieved of further liability hereunder by giving thirty days written notice to the Principal and to the Board of Technical Registration at its offices.

This bond shall be one continuing obligation, and the liability of the Surety for the aggregate of any and all claims which have been awarded by litigation and deemed uncollectible shall in no event exceed the amount of the penalty hereof.

In witness whereof, the signature of the Principal hereto is affixed, and the corporate seal and the name of the Surety hereto is affixed and attested by its duly authorized officers at Phoenix, Arizona, this ____day of _____, 200 ____.

APPLICABLE LAW

Arizona Revised Statutes § 32-122.02(B)(2).

7. DATING AND SIGNING SEALS AND REVISIONS TO DRAWINGS

Questions have been received concerning the dating of a registrant’s seal on professional documents when original documents are sealed and when revisions are made to professional documents after they have been sealed and signed by the registrant. After reviewing Board statutes and rules, including R4-30-

304, as well as A.R.S. § 32-125, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

To comply with R4-30-304:
If a professional document is revised by the originating registrant after the date the seal is signed, that registrant may:

- 1. indicate the date, nature and scope of the revisions, or,
- 2. re-seal, re-sign, and re-date, with the current date.

If an electronic document is revised and re-plotted, it is considered a new professional document.

It is not acceptable to change the date on a seal.
When multiple sheets in a set of professional documents are individually sealed, only those revised sheets need to be re-sealed and signed. The cover sheet for the set does not need to be re-sealed unless the cover sheet has been revised.

Filed with the Secretary of State on 1-26-04.

APPLICABLE LAWS

Arizona Revised Statutes § 32-125 (B) and (E).
Arizona Administrative Code, Title 4, Chapter 30, R4-30-304.

8. HOME INSPECTOR PREFERRED VENDOR OR SIMILAR PROGRAMS

The Board’s rules at A.A.C. R4-30-301.01(B)(1) provide that Certified Home Inspectors shall not “pay or receive, directly or indirectly, in full or in part, a commission or compensation as a referral or finder’s fee.” Questions have been brought forward regarding whether the Board considers the participation by Certified Home Inspectors in preferred vendor or similar programs with real estate companies, offices, agents or brokers, when compensation is paid by the Certified Home Inspector to the real estate entity, as violating this rule. This substantive policy statement is offered as guidance to persons interpreting this rule.

This substantive policy statement is advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties, you may petition the Agency under Arizona Revised Statutes § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

Arizona Administrative Code Section R4-30-301.01(B)(1) prohibits a Certified Home Inspector from paying compensation, even in an indirect manner, in order to obtain a referral for home inspection business. Many real estate companies, offices, brokers and/or agents have established programs under various names (i.e., “preferred vendor,” “approved vendor,” “marketing partner”) in which the home

inspector makes a financial payment to the real estate entity to be included on a list of recommended inspectors, preferred providers or part of a similar program.

The Board believes that payment by Certified Home Inspectors to real estate entities or other parties who have a financial interest in the real estate transaction, to be included on a list of recommended inspectors, preferred providers, or similar program, is at a minimum an indirect payment for referral of business by the party to the Certified Home Inspector and violates A.A.C. R4-30-301.01(B)(1).

Filed with the Secretary of State on 1-16-04.

APPLICABLE LAWS

Arizona Revised Statutes §§ 32-106(A)(5), and -128.
Arizona Administrative Code, Title 4, Chapter 30, R4-30-301.01(B)(1).

9. MONUMENTING PUBLIC LAND SURVEY SYSTEM SECTION OR QUARTER SECTION CORNERS

The Board’s rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor’s area of practice. A.A.C. R4-30-301(4) and (13) (effective August 7, 2004). The Arizona Boundary Survey Minimum Standards at Section 9 provides standards for establishing, replacing or setting boundary monuments. Section 9(A) concerns setting monuments at Public Land Survey System Section or Quarter Section corners by referring to “applicable state statutes” relative to monumenting those positions. Section 9(C) concerns setting monuments, in general. Questions have been raised regarding the Board’s interpretation of what state statutes are applicable when applying Section 9(A) and regarding the interplay between Sections 9(A) and (C). This substantive policy statement is offered as guidance to persons interpreting those sections in complying with the Board’s rules.

This substantive policy statement is advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the agency under Arizona Statutes § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

The Board’s rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor’s area of practice. A.A.C. R4-30-301 (4) and (13) (effective August 7, 2004). The Arizona Boundary Survey Minimum Standards at Section 9 provides standards for establishing, replacing or setting boundary monuments. Section 9(A) concerns

Substantive Policy Statements continued from page 15

setting monuments at Public Land Survey System Section or Quarter Section corners by referring to “applicable state statutes” relative to monumenting those positions. Section 9(C) concerns setting monuments, in general.

The Board believes that the “applicable state statutes” relative to monumenting Public Land Survey System Section or Quarter Section corners are those which address landmarks and surveys, currently contained in A.R.S. § 33-103. Accordingly, the land surveyor shall follow the requirements of A.R.S. § 33-103 when establishing, replacing or setting Public Land System Survey monuments at Section or Quarter Section corners and shall follow the requirement in Section 9(C) of the Arizona Boundary Survey Minimum Standards when establishing new or replacement boundary monuments and witness corner monuments. Finally, land surveyors shall also comply with the requirements of A.R.S. §§ 104 through 106 when establishing, replacing or setting any type of boundary monument.

10. REQUIREMENTS FOR RECORDING RESULTS OF SURVEY DRAWINGS

The Board's rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor's area of practice. (A.A.C. R4-30-301 (4) and (13), effective August 7, 2004) The Arizona Boundary Survey Minimum Standards at Section 13 provides standards to ensure the recordation of appropriate survey drawings. Section 13 (C) concerns the requirement to record a survey drawing whenever ANY land boundary monuments are set in conjunction with a “new” survey. Questions have been raised regarding the Board's interpretation of what a “new” survey means in the context of Section 13 (C). This substantive policy statement is offered as guidance to persons interpreting Section 13 in complying with the Board's rules.

This substantive policy statement is advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the

agency under Arizona Statutes § 41-1033 for a review of the statement.

SUBSTANTIVE POLICY STATEMENT

The Board's rules provide that Land Surveyors must adhere to the Arizona Boundary Survey Minimum Standards and with state laws pertaining to the surveyor's area of practice. (A.A.C. R4-30-301 (4) and (13) effective August 7, 2004) The Arizona Boundary Survey Minimum Standards at Section 13 provides standards for when a surveyor must create and record survey drawings. Section 13 (C) concerns the requirement to record a survey drawing when any land boundary monuments are set in conjunction with the new survey.

The Board interprets the term “new survey” to be synonymous with “present survey” or “most recent survey” so that even if the present or most recent survey is a retracement of an existing prior survey, whenever any monuments are established, including those set to replace missing or damaged monuments of the previous survey, those actions require the surveyor to create and record a survey drawing documenting the new monumentation as established.

Accepted by the Board on June 21, 2005

The appropriate date on the seal of an original document is the day that document is sealed and signed.

The Administrative Procedure Act requires the publication of substantive policy statements issued by agencies (A.R.S. § 41-1013(B)(14)). Substantive policy statements are written expressions which inform the general public of an agency's current approach to rule or regulation practice. Substantive policy statements are advisory only. A substantive policy statement does not include internal procedural documents that only affect the internal procedures of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules made in accordance with the Arizona Administrative Procedure Act. If you believe that a substantive policy statement does impose additional requirements or penalties on regulated parties you may petition the agency under A.R.S. § 41-1033 for a review of the statement.

11. SYSTEM OR COMPONENT SOURCE/END POINT

Questions have arisen concerning the specified source/end point for a system or component in a home when a system or component is not in the scope of work of the home inspection.

After reviewing Board statutes and rules, including R4-30-301.01, the Board developed this substantive policy statement. This substantive policy statement is offered as guidance to persons interpreting Board statutes and rules.

SUBSTANTIVE POLICY STATEMENT

In the case of a system or component excluded from the scope of the home inspection, the source point or end of inspection locations shall be described as:

The excluded component from system to the point at which the feed is dedicated to that component or system.

As an example, the inspection of a swimming pool electrical feed may end at the point it exits the electrical panel if it is fed from the main electrical panel. If the swimming pool is fed by a sub-panel dedicated to components or systems excluded from the inspection scope, the sub-panel is not required to be inspected. Inspection of the water supply feeding the swimming pool automatic fill system may be excluded and not inspected to the point at which it exits the structure or other feed source.

APPLICABLE LAWS

Arizona Administrative Code, Title 4, Chapter 30, R4-30-301.01

Issued: November 24, 2009
Effective: November 24, 2009

Filed with the Arizona Secretary of State's Office
December 14, 2009.

Filing a Complaint

Pursuant to A.R.S. §§ 32-106(A)(5) and -106.02, and A.A.C. R4-30-121, the Board has the authority to investigate complaints submitted regarding possible violations of the Board's statutes and rules. The Board may take disciplinary action against a registrant for the commission of any of the acts identified in A.R.S. § 32-128. Additionally, the Board may assess civil fines and/or file a criminal complaint against non-registrants for violations of A.R.S. § 32-145.

The Board does not have jurisdiction over contractual disputes involving registrants. Law prohibits us from giving you legal advice, legal opinion, or action as a 'private' attorney. If you have suffered or may suffer civil wrongs such as significant monetary loss, you may want to contact private counsel to discuss your legal civil rights and remedies.

Complaints may be filed with the Board:

- By mail or in person to:
Arizona State Board of Technical Registration
1110 W. Washington St., Suite 240
Phoenix, Arizona 85007
 - By fax to: (602) 364-4931
 - By call to: (602) 364-4930
- OR
- via e-mail to:
Kathryn Fuller
Investigations Manager
(602) 364-4945
Duties: Conducts investigations of alleged violations of state regulations. Oversees investigations process. kathryn.fuller@azbtr.gov

Lisa Vardian
Drug Lab Program Coordinator
(602) 364-4948
Duties: Conduct investigations of alleged

violations of state regulations with regards to Drug Lab seizures, remediations, firm and worker registration violations. lisa.vardian@azbtr.gov

Manuel Maltos
Home Inspector Program Coordinator
(602) 364-4949
Duties: Conduct investigations of alleged violations of state regulations with regards to Home Inspector firm and Home Inspector registration violations. manuel.maltos@azbtr.gov

The Board accepts anonymous complaints, but without your name or contact information, the staff will not be able to contact you for additional information or to advise you on the status of the complaint. The Board can keep your name confidential if:

- you request that your identity not be disclosed, and
- your testimony is not essential to the disciplinary proceedings.

Tips on Filing a Complaint:

Provide the Board staff with as much information as possible about:

- the identity of the registrant;
- the project;
- the conduct that you feel violated Board statutes or rules;
- the identity of any witnesses or additional victims; and
- copies, or the location, of any corroborating evidence.

Investigation/Complaint Review Process (see A.A.C. R4-30-120):

- Review to determine Board jurisdiction.
- If it appears jurisdiction has been established, the complaint will be reviewed by members of the investigative team to determine the appropriate investigation steps.
- Additional evidence will be obtained as necessary.
- The respondent, if a registrant, will be offered the chance to appear before an enforcement advisory committee, if the complaint appears to be a possible violation of technical practice standards.
- The complainant and other witnesses will be interviewed as necessary.
- If an enforcement advisory committee was convened, the committee shall make a disposition or recommendation.
- If the recommendation of the committee is for disciplinary action, the respondent shall be offered an opportunity to meet with Board staff to discuss a possible settlement agreement.
- If settlement cannot be met, the respondent may provide a counterproposal for Board consideration.
- To assist them in determining how to conclude the case, the Board will be presented with the following at a Board meeting:
 - A synopsis of the complaint issues;
 - Additional investigative information relevant to the Board's review;
 - Committee recommendations if a committee was convened;
 - Staff recommendations;
 - A signed consent order for Board consideration, if one has been received; and
 - Respondent's counterproposal, if no signed consent order has been received.
